Mr. OSTHOLTHOFF called from Los Angeles on Friday, September 7, 1946, with reference to this matter. He stated that in conversation that morning with Assistant Director ROSEN in Washington, D. C., Mr. ROSEN advised that CPA Headquarters in Washington is supposed to have communicated directly with [REDACTED] who is here conducting the hearing on this matter, and to have requested that he place the witnesses under oath. b7c

Mr. OSTHOLTHOFF inquired as to whether [REDACTED] had placed the witnesses under oath. After checking with [REDACTED] handling the hearing, Mr. [REDACTED] was advised that the witnesses were placed under oath. However, it was pointed out that only the Government witnesses were heard the day before, and that the respondents would be heard on September 7, and that it was the intention [REDACTED] to also place them under oath. b7c

Mr. OSTHOLTHOFF further stated with reference to our teletype the evening before that the telephone number listed as [REDACTED] should actually be [REDACTED] and that this number is listed to [REDACTED] Beverly Hills, California. b7c

In this regard Mr. OSTHOLTHOFF stated [REDACTED] has represented SIEGEL for some time. [REDACTED] b7c

Mr. OSTHOLTHOFF commented further that the fact that [REDACTED] is taking over handling the respondents' case, it is possible that the interest of [REDACTED] is now in the background, and that apparently SIEGEL is taking the lead in handling the case, inasmuch as [REDACTED] is actually his own lawyer. b7c

Mr. OSTHOLTHOFF also called attention to the name, [REDACTED] who had checked into the St. Francis Hotel as being from Los Angeles. OSTHOLTHOFF stated he had checked the Los Angeles City Directory but had found no such person listed. He called attention to the fact that [REDACTED] is connected with the [REDACTED] whose offices are nearby [REDACTED] and that there is a very good possibility that [REDACTED] may actually be [REDACTED] b7c

For the completion of the records Mr. OSTHOLTHOFF was subsequently advised that we had determined the evening before that the individual signing [REDACTED] was actually [REDACTED] b7c

NATIONAL STOLEN PROPERTY ACT

Dec. 27, 1946

[REDACTED] b7c

For the information of the Bureau and the above offices, the Los Angeles Field Division by teletype dated December 20, 1946, in the case entitled "BENJAMIN 'BUGS' SIREL, WAS, CRIME SURVEY", advised the St. Paul Office that according to San Francisco teletype dated December 18, 1946,

[REDACTED] sent a telegram from San Francisco to [REDACTED] at the Beverly Wilshire Hotel, Beverly Hills, California, stating, "Could not call. Leaving for Chicago. See you soon." Los Angeles advised that [REDACTED] may be identical with [REDACTED] and wanted to know if the St. Paul Field Division wanted [REDACTED] interviewed in connection with the case entitled [REDACTED] WAS, FUGITIVE, WFAP - MURDER, HARBORING". b7c

The Los Angeles Field Division further advised that [REDACTED] was at the Beverly Wilshire Hotel on that date. This office advised the Los Angeles Field Division by teletype dated December 20, 1946, that they should not interview [REDACTED] and that information regarding his activities and whereabouts should be furnished the St. Paul and Miami Field Divisions in connection with the case entitled "JEWEL THIEVES IN THE MIAMI AREA, HSPA", inasmuch as Miami is interested in knowing when [REDACTED] returns to Florida, and also to ascertain [REDACTED] forwarding address when he leaves California. In the case entitled "JEWEL THIEVES IN THE MIAMI AREA, HSPA", St. Paul memorandum to the Miami Field Division dated December 12, 1946, with copies to Chicago, requested that Chicago check at the various hotels in Chicago relative to [REDACTED] both of whom are key figure jewel thieves; and reference was made to [REDACTED] having stopped at the Bismarck Hotel in Chicago. b7c

In the report of [REDACTED] dated November 11, 1946 at Miami in the case entitled "JEWEL THIEVES IN THE MIAMI AREA, HSPA", copies of which were furnished Chicago, there appears information that Miami is interested in the whereabouts and activities of Group No. 2, [REDACTED] b7c

In the case entitled "JEWEL THIEVES IN THE MIAMI AREA", a report is presently being transcribed and copies will be furnished to the above offices. This report reflects that [REDACTED] and that discreet inquiry there indicated that occupants

This office at present has no informants who are close [REDACTED] and who could obtain information requested in the Salt Lake City teletype mentioned above.

It is believed that [REDACTED]

The Chicago Field Division is requested to make immediate discreet inquiry [REDACTED] to determine whether [REDACTED] reside there; and, if possible, endeavor to obtain information requested in Salt Lake City teletype mentioned above.

||| If Los Angeles, San Francisco or Miami have any other current information regarding [REDACTED] the same should be immediately furnished [REDACTED]. Accordingly, this will not be done unless specifically instructed to do so.

As is noted above, [REDACTED] apparently left Las Vegas for Los Angeles where he was on December 20, 1946, and Los Angeles should bear in mind that [REDACTED] while he is in Los Angeles and that he may have transported them from Las Vegas to Los Angeles.

SUBJECT: SIEGEL CASE

DATE: September 4, 1946

Mr. OSTHOLTHOFF called from Los Angeles at 1:30 p.m. with reference to the CPA hearing in this matter at San Francisco tomorrow. He stated that he had sent a teletype today to the Bureau and to San Francisco in that regard.

Mr. OSTHOLTHOFF stated that Assistant Director ROSIN had called from the Bureau inquiring as to the reliability of [REDACTED]. Mr. OSTHOLTHOFF stated that he advised Mr. ROSIN that Special Agent [REDACTED] has been in previous contact with [REDACTED] concerning the possibility of bribes with reference to this matter, and it was his opinion that [REDACTED] is reliable and could be trusted. Mr. OSTHOLTHOFF stated that Mr. ROSIN requested that [REDACTED] discuss with [REDACTED] in a roundabout way as to whether [REDACTED] is going to place those testifying at the hearing under oath and if persons testifying at such hearings ever have been put under oath, then possibly the suggestion could be diplomatically made that [REDACTED] might desire to do so at the hearing tomorrow.

Mr. OSTHOLTHOFF pointed out that this discussion with [REDACTED] should be most diplomatic inasmuch as we do not want him to feel we are putting any pressure on him or otherwise trying to run the hearing. b7c

I told Mr. OSTHOLTHOFF that I would discuss the matter with [REDACTED] and after he has talked to [REDACTED] I would have [REDACTED] call him back. b7c

The following physical surveillance was conducted by Special Agents [REDACTED] b7c

At 8:55 AM, September 12, 1946, subject arrived at Mills Field, South San Francisco, California, via Western Air Lines, accompanied by [REDACTED] b7c

These individuals all proceeded to San Francisco by taxi cab, arriving at the St. Francis Hotel at 9:45 AM. Subject checked into Room 401. Shortly thereafter [REDACTED] secured a room at the Hotel Stewart.

At 10:30 AM, the following were present in subject's room at the St. Francis Hotel. Subject [REDACTED]

The following conversation was overheard by Special Agent [REDACTED] pointed out to the others that it was the contention of the Government that the hotel is in reality composed of three separate buildings, the back, front, and center. All present thereupon apparently began to examine the plans of the hotel and one of the architects, believed to be [REDACTED] pointed out that the foundations of the buildings will co-join. He indicated that the door of the one building was located at one point; immediately adjacent thereto was located an arch from this section of the building to an adjoining section, the wall continuing to an open passage which is roofed. To [REDACTED] question as to whether there was any connection from this wall of the building, [REDACTED] answered in the affirmative. To this [REDACTED] declared "that makes the connection -- that's important -- that hasn't been brought up as yet". At this point an unidentified individual, possibly subject, stated "tell them that this building, right here and right here (apparently referring to map), are joined". One of the architects, believed to be [REDACTED] pointed out that it is "required engineering" to have a slip-joint but no physical connection. He then pointed out that "we have maintained a 15 ft. passage through here. This lattice construction is joined with concrete. This point here where the roof comes down is an ordinary engineering factor. Instead of leaving dowels here we'll co-join it." He then (apparently discussing a feature of the plans), stated that this is a necessity requiring this as an integral part of the whole structure -- even if you did not put up buildings you would have to build a wall. They then discussed the building of a shield wall or wind break making the hotel property an enclosed area marking it off from the desert. b7c

Following this the architectural features of the hotel, including the Desert Inn at Palm Springs, and the El Rancho were discussed generally. One of the persons present asked [REDACTED] as to whether [REDACTED] was a connection by a foundation and an archway over the door, establishing that this was one continuous structure -- sort of an appendage. [REDACTED] replied that there were lateral wall connections. One of the architects, believed to be [REDACTED] stated "the commissioner may ask if this was discussed with your attorneys, [REDACTED] etc. Tell them yes. He's in there to find out whether you are telling the truth or not". Following this one of the [REDACTED] b7c

Re: BENJAMIN "BUGS" SIEGEL

[redacted] then told the group that he had contacted [redacted] and that [redacted] was going to call him back. [redacted] remarked that he and [redacted] had a room at the Stewart Hotel. [redacted] stated that the Commissioner (CPA) desired to speak to the architects immediately. [redacted] thereupon stated that he and [redacted] would go to the hotel immediately. (Apparently the Whitcomb Hotel where the hearing was being held.) [redacted] thereupon left at about 12:15 PM. Shortly after their departure SIEGEL called EXBROOK 7211 and asked for one of the custom[redacted] men. He asked that individual about closing prices and volume. Following this conversation he remarked to the group that the stock had fallen 42 points. b7c

A conversation was subsequently heard between [redacted] regarding the statute. [redacted] maintained that it was a matter of interpretation rather than retroactiveness. [redacted] asked him regarding estoppel. [redacted] stated that an estoppel could be used by him (Commissioner) to make up his mind whether or not it was one continuous building. SIEGEL asked the question as to how much the Commissioner received for sitting at hearings. [redacted] told him approximately \$25.00 per day. SIEGEL then remarked "Why don't we pay him \$100.00 and have him work for us", but this latter statement was apparently made in a tone of levity. SIEGEL continued, stating that [redacted] seemed to be alright and that he was an "alright guy"; that he couldn't help it if the investigators didn't give him all the information. b7c

At 12:30 PM, September 12, 1946, all individuals in Room 401 left with the intention of proceeding to the Whitcomb Hotel where the CPA hearing was to be conducted. b7c

At 12:35 PM, SIEGEL and the others proceeded to the Hotel Whitcomb via Red and White Cab 177, and arrived at the hotel at 12:40 PM. The party was met in the lobby by [redacted] and all thereupon proceeded to the mezzanine floor of the hotel where the CPA hearing was due to be held at 1:00 PM. At approximately 12:45 PM, [redacted] placed a telephone call to Atwater 23163 at Los Angeles. In this call [redacted] discussed the Bloomington case which involved so-called spendthrift trust. [redacted] b2
b7c

Between 1:00 PM and 1:50 PM, the following individuals were observed moving about the mezzanine floor while waiting for the CPA meeting to begin in the California Room: BEN SIEGEL, [redacted] b7c

It is also believed that [redacted] was present. At 4:00 PM [redacted] placed a call to Los Angeles, calling a person by the name of [redacted] advising that he would try to be home by 11:00 PM. At 7:30 PM, [redacted] again contacted the Los Angeles operator and talked to an unknown client, advising him not to make an appearance in a pending b7c

Re: BENJAMIN "BUGS" SIEGEL

attorneys put the following question to [REDACTED] "Under the act, [REDACTED] although designated as one continuous building in effect they could not separate so far as their services are concerned. The important thing in the last two hearings are the physical characters which are as follows: The door, arch, footing connections, and roof tiein. This is the important thing". One of the men then broke in, stating "He's going to ask why there is one arch here and a different arch here. So far as you are concerned you would have designated it as one building. All this was conceived before March 26 and if we had known we had any rules to evade we would have done so." [REDACTED] then stated "I told [REDACTED] knew him we have had all this trouble". [REDACTED] was apparently referring to the situation under which they had more than one construction company. It is believed that [REDACTED] referred to by [REDACTED] is from Las Vegas, Nevada. [REDACTED] then mentioned "Just because [REDACTED] was in Phoenix we brought in [REDACTED] then declared, "Both from the standpoint of the doors, the stone on around, the roof was going to be one, the paint was going to be one. They were always in contact although the arch was not the same". They then discussed the necessity of having a retaining wall in order to prevent the soil from washing away and endangering the foundation of the building. [REDACTED] then began quoting from the language of the act and pointed out that the amendment of July 2 is very important. He also mentioned that the order does not apply to any work done prior to March 26, 1946 and any work which was being done and carried on during and after that date.

b7c

The following conversation was heard by Special Agent [REDACTED] from Room 401 at the St. Francis Hotel.

[REDACTED] remarked that Plot Plan A dated July 12, 1946, was a plan which provided for 60 rooms. Plan of February 22 provided for 100 rooms which would give an additional 1500 square feet of space than that shown on the plan of January 12.

b7c

At 11:45 a telephone call was placed [REDACTED] evidently to some individual regarding the hearing. He asked this individual whether [REDACTED] wanted to see them at 12:45 that date. He requested [REDACTED] be called to the phone but evidently was told that [REDACTED] was not there as yet and he consequently asked to talk to [REDACTED]. He told [REDACTED] that he had just arrived in San Francisco and he understood that [REDACTED] wanted to talk to the architects immediately. He requested that [REDACTED] notify him at DOUGLAS 1000, extention 401. This number is noted as the telephone number for the Hotel St. Francis.

b7c

Following this call a general conversation took place regarding the stock market. Subject SIEGEL was interested in Trans-America stock, remarking that he wanted to see whether he had been right or wrong about this stock. A telephone call was thereupon placed to Bayview 3623, but evidently no one answered the phone.

The CPA hearing went on from approximately 1:50 PM until 8:25 PM, with occasional breaks of a few minutes, at which time the foregoing individuals were noted moving about the mezzanine floor. at 8:25 PM, the meeting was adjourned and SIEGEL [redacted] left the hotel in one cab, followed by [redacted] in another. As these cabs were leaving the hotel [redacted] emerged and took a third cab to the St. Francis Hotel where he proceeded to Room 401 alone. SIEGEL and the others proceeded to Mills Field, South San Francisco, where they met for a short time in the Grill Room. While awaiting the plane [redacted] was overheard talking to SIEGEL to the following effect: "The trouble with [redacted] is he never does anything -- when he doesn't write it down he can't remember it, and he never writes anything down." SIEGEL carried a large parcel believed to be the plans of the hotel, and both he, [redacted] stood around the airport waiting room for several minutes, apparently in excellent spirits. [redacted] sat apart from the group and did not take any part in the discussion. At 10:00 PM, all six departed on the Western Air Lines Flight 335, which was due at Los Angeles at midnight. The manifest of this flight was examined by Special Agent [redacted] and disclosed the following listed for space on this plane:

knew what he looked
like when he got on the job,
and [redacted] was designated

Reference is made to Salt Lake City teletype of this date. It was determined from [REDACTED] that [REDACTED] had requested a reservation for a single room for 6 PM this date.

At 3:30 PM, the Special Agent [REDACTED] Los Angeles Field Division, in the absence of Supervisor [REDACTED] telephonically advised that it was most desirable that [REDACTED] activities while at the hotel be covered inasmuch as it was suspected that he was engaged in narcotic's traffic or other illegal activity with subject and his mistress, VIRGINIA HILL, but no accurate report had ever been received concerning his [REDACTED] activities. He indicated that microphone surveillance would be desirable. A teletype is being sent the Bureau requesting authority to install a microphone surveillance [REDACTED] while in the State of Francis.

Dear Sir:

Mr. O. D. Keep, the publisher of FORTNIGHT magazine, believes you will be interested in our current issue. The lead article deals with the Siegel case, its background and possible repercussions. There has been much idle speculation about this affair but FORTNIGHT has tried conscientiously to get at the bottom of it.

FORTNIGHT is a magazine along the line of TIME or NEWSWEEK, presenting a news digest of California's events. Also, it contains a very concise but complete listing of the states innumerable recreational facilities.

We would be much interested in hearing your reactions on the Siegel story specifically and on the magazine in general.

SIEGEL EXPOSE PUTS LID ON VALLEJO VICE

They put the lid on Vallejo last night—but good.

The "Bugsy" Siegel story wreaked havoc on lower Georgia street.

Nobody wants any part of the "Bugsy" Siegel business. And law enforcement officers were still trying today to identify the former gangster's girl friend who disappeared mysteriously Sunday morning, possibly as the result of "mob" action.

The Santa Clara Rooms were raided last night and four women arrested. One of them, arrested only a few days ago and ordered to leave town, drew 60 days in the county jail for her second appearance this week before Police Judge Victor Castagnetto.

60-DAY TERM

Winner of the 60-day jackpot sentence was Toni Nelson, 26, also known as Jeri Stokes.

Also arrested were Betty Summell, who police say operated a house of ill fame; Thelma Elizabeth Sewell, 23, and June Gardon, 24. Thelma and June were charged with vagrancy. With Betty Summell, they asked and were granted a continuance until next Tuesday when pleas will be entered. They were released on \$500 bail. Toni began her jail sentence today.

Last night's arrests were extraordinary to the real story of vice in Vallejo. The big story was—and the details are missing—how much "cointrol." If any, did "Bugsy" Siegel have here?

THE \$64 QUESTION

Los Angeles sources say the gangster, tommy-gunned to death in a Beverly Hills mansion June 30, collected money from every house of ill fame in Vallejo. His "palmy girl friend," Dolores (Boots) Valach, statuesque and beautiful redhead, was well known in the local "hot spots." But police say they know nothing about her. Where she

is now and how she got there is still the \$64 question.

The full extent of Siegel's activity in Vallejo may never be known. But Los Angeles sources say he was very much interested in Vallejo affairs and he is said to have had interests in Benicia. Whether or not he was active in dope traffic in Bolano County is still being checked.

Meanwhile, city officials admitted that the reported influx of eastern gangsters to the West Coast is no myth. Eastern gang interests have definitely had their eye on Vallejo as a place to operate. Vallejo officials are aware of the situation and are prepared to meet the problem if and when it arises.

Siegel, gambler and gangster, over-extended himself in his attempts to control a dope ring, state law enforcement officers say, and for that reason, died an inglorious death in the home of another girl friend, Virginia Hill, in Beverly Hills.

Further developments in the Siegel story are expected.

Piegel Case Starts Vice Probe

Stain Gangster's Girl Friend Still On Missing List

The late Benjamin "Bugsy" Siegel, gambler and gangster, "shoot down" brother in Vallejo; he supplied these houses of ill fame with girls; he kept a girl friend in a Santa Clara street apartment; and he may have been interested in dope traffic emanating from Solano County. These allegations were made by sources in Los Angeles last night and Solano County law enforcement officers were checking the reports. Vallejo police said they had not confirmed the reports last night.

Siegel's reported Vallejo activities coincided with the disappearance of the mobster's former girl friend, Caroline "Boots" Votch, statuesque and beautiful redhead who maintained an apartment on Santa Clara street, Los Angeles sources say she disappeared Sunday morning because she "knew too much" about the gang slaying of Siegel in Beverly Hills on June 30.

KNOWN IN VALLEJO

"Boots" was no imaginary character. She was known in Vallejo. She had been seen in Vallejo bars and restaurants with well-known Vallejo citizens. But "Bugsy" and her friends didn't talk about matters that concerned "Bugsy."

"Bugsy" and "Boots" apparently had an understanding. "Bugsy" entrusted "Boots" with the collection of money from seven houses of ill fame on lower Georgia street. He "put the man" in the people who ran the place.

The woman who was reported to have been killed against the killing of "Bugsy" gangster.

Siegel's Girl Friend Missing

(Continued from Page 1)
"Boots" or "Bootsy" as he was known by law enforcement officials, said Siegel was shot and killed June 30 in the murder of another girl friend, Virginia Hill, in Beverly Hills. State law enforcement officers said he was shot by eastern gangsters because he tried to extend his influence over the "dope" market in the California north.

EASTERN GANGS

The Associated Press on June 22, quoted an unnamed associate of Siegel as saying that his dead gangster "was getting a little too big for his britches" and added that Siegel "didn't take orders like he was supposed to." The orders, the story said, came from eastern gangsters who had moved into California.

"Boots" Votch, confidential sources said yesterday, may have been the victim of those same interests who sought to "cover up" on the Siegel murder. "Boots,"

it was said, knew details of the slaying which might have implicated others. She was reported to be ready to talk about those details. She disappeared from her Vallejo apartment early Sunday morning after being visited by two "strong arm" characters.

"Boots" was said to be in an all-night restaurant early Sunday morning and early in the afternoon a light-colored sedan, heavy with a San Francisco man, heavy set, and with "concealed" arms.

The disappearance of "Boots" attracted the attention of Solano County law enforcement officers who have been alerted against the killing of "Bugsy" gangster.
